Discussion with Architect about Gym Renovation Project – Jim Hollenback, architect from Principal Construction Management + Design showed the Committee members samples of bleachers. The Committee discussed wood versus plastic molded bleachers. Blue molded plastic bleachers were popular with the group.

The Committee also looked at samples of two different floors from Robbins Flooring. One was a wood sample while the other was a poured floor called Pulastic. Mr. Sondgeroth also presented a sample of the Mondo Advance flooring system. Mr. Hollenback and Mr. Sondgeroth presented information about the different styles of floors based on their conversations with the flooring salesmen. The Committee continued to discuss the different types of flooring and the advantages and disadvantages of each.

Mr. Wall left the meeting at 7:35 PM

Mr. Hollenback left the meeting at 8:00 PM.

Mr. Roth left the meeting at 8:11 PM

AMPT/Booster Financial Participation – Mrs. Powell discussed some of the events the AMPT and Boosters are planning to help raise funds for the renovation project. Mrs. Powell indicated that the groups have approximately \$15,000 saved towards the project. The Committee also discussed different ways the AMPT/Booster funds can be used to support the renovation project. Some ideas include:

- new basketball standards for side walls
- mats
- storage shed
- paint
- chair racks
- new banners
- new scoreboard

Nicole Powell left the meeting at 8:24 PM.
